June 1 - 7
Semaine
québécoise
des personnes
handicapées

There are over
one million
of us living
with disabilities
in Québec. But
society still
isn't adapted
to our needs.

**Prejudice
and lack of
accessibility are
obstacles in our
daily lives,
keeping us
from fully
participating.**

**In a more inclusive,
better-adapted
world, we can reach
our true potential.**

**Let us
contribute at 100%
of our abilities.**
